REF: ISTRAC/TERRACOM/BSNL/LVM3-M4/CH-3

Dear BSNL Team,

Sub: THANKS FOR SUPPORTING THE CHANDRAYAAN-3 MISSION.

I would like to express my profound gratitude to you and all your team members who have extended their valuable support for the Chandrayaan-3 mission, which was a great success of landing on moon surface on 23-08-2023. **Honourable Prime Minister Shri Narendra Modi has termed the landing spot near the South Pole as "Shiva Shakti point"**.

ISTRAC appreciates the way you had directed your team in maintenance and continuous monitoring of this mission critical links which supported the Chandrayaan-3 mission data to Satellite control center at Bangalore.

All your team members of Service Assurance were quite cooperative and have shown high degree of excellence in executing our requirement. My special thanks to all of them and their immediate management. This has given us enormous confidence in support of the mission.

Over all the performance of the data link was satisfactory and upto our acceptance.

We wish, you continue to support us in many more launches to come ahead.

With regards,

(M. Hemanth Kumar)
