Subject:- Holding "offline" LICE for promotion to the Cadre of Junior Engineer -reg.

Refce:- Item No.-4th of 36th NC meeting.

- (ii) Our union letter of even No, dt-02-08-2018.
- (iii) Discussion in 37th NC meeting (out of agenda).

Respected Madam,

The issue of holding "offline" LICE for promotion to the Cadre of Junior Engineer is being raised by the union as well as by staff side in NC meeting since long. Particularly after the LICE held on 28-01-2018 had a bitter experience of the "online" system. Since the Telecom Technicians and other eligible Cadre for LICE for Junior Engineer are not having knowledge in Computer operation rather the TT Cadre working in field area and they have rare chance to come across the Computer. In the situation holding, "online" LICE is not feasible.

In 37th NC meeting while staff side requested and submitted the grounds in favour of "offline" LICE, it was also suggested that in the induction training of qualified officials thorough Computer training may be arranged which will inculcate working sense of the qualified officials on computer. This aspect was appreciated by the Chairperson and she assured to consider to hold the "offline" LICE, but in the present notification provision of online system is notified.

In the circumstances we request you once again to reconsider the issue and arrange to revise the system of examination from "online" to "offline" to enable the officials to appear in the exam without any fear of little knowledge in Computer operation.

With profound regards,

Yours sincerely,

(Chandeshwar Singh)
General Secretary
